

FUTURE OPPORTUNITIES AND CHALLENGES IN INVASIVE SPECIES MANAGEMENT **BRINGING SCIENCE AND COMMUNITY TOGETHER**

15 March 2024, 9am-3pm

Melbourne Museum - Tree Tops Venue

This is an opportunity to hear from leading scientists, government and community about the impact and control of invasive species, and more importantly, what is on the horizon in innovative research?

The Victorian Blackberry Taskforce has brought together expert speakers from the University of Melbourne, Curtin University, Deakin University, Agriculture Victoria, Department of Agriculture, Fisheries and Forestry and the Victorian Blackberry Taskforce.

RSVP essential, including dietary requirements: before 5 March 2024
[Registration using Eventbrite](#)

Funded by Victorian State Government
